
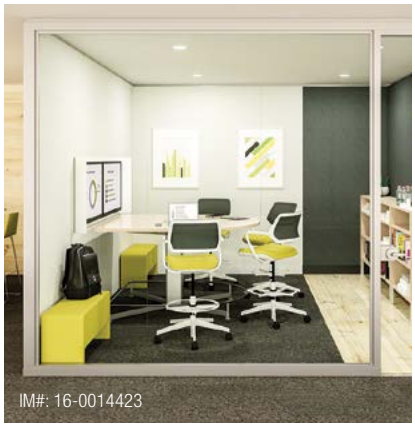
Intrinsic Clarity and Sustainability

Glass Selections moveable walls provide unobstructed views, share natural light and gracefully balance workplace privacy and collaboration. Create beautiful and adaptable spaces with the slim profile and sophisticated aesthetic of Glass Selections—the most sustainable moveable wall available.



Sophisticated Aesthetics

- New jamb-mount and standard door-mount locks available
- Butt-glazed frame kits and frameless corners offer glass expanses up to 10' height and 12' width
- Frameless sliding doors and pivot-hinge door available
- Available with standard glass or custom options, including etched and pattern glass

Simple, Flexible

- Fast installation accelerates construction schedule
- Minimal kit of parts simplifies asset management
- Multiple-base heights available, including low-profile
- Fully integrates with Privacy Wall

Sustainable

- First and only Cradle to Cradle Certified™ Silver relocatable wall product, and the only one manufactured in North America
- SCS Indoor Air Advantage™ Gold certified, which contributes to LEED certification
- 100% PVC-free, made with 44% recycled content, is 63% recyclable and is 100% reusable

SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It's about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

Research and insights direct our path. It's not only about creating goods, it's about creating good. It's not only about creating value, it's about living our values. It's not just about reducing our footprint, it's about expanding our reach. It's about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

Innovative products and solutions result. In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party-verified certifications and voluntary product declarations.

Steelcase's sustainability promises, actions and results are communicated in an annual Corporate Sustainability Report.

This product is PVC-free.
